Section A3 : Project Type for Project **11581**

Alberta Education, school authorities, universities and other AISI users often want to undertake various analyses of AISI projects. This type of analytical work requires the capability to extract and group AISI projects accurately by various categories.

Not all categories may apply to your project. Only do the checklists for the categories that are needed to describe your project. However, you must do the following categories: **Targeted Students, Subject** and/or **Themes, Teaching Strategies** and **Types of Measures**.

Please review the project categories and contact SIB at (780) 427-3160 if you have any concerns.

### Section B - Quantitative Measures (From Project Plan)

Measure (From project plan)	Baseline	2004/2005		Number(*) Measured
		Target	Actual	
G3-A1-English Language Arts B1-% of students meeting the acceptable standard	93.9	94.0	93.10	29

**Baseline and Measure Comments:**

Calgary Arts Academy Society is a new charter school, therefore, the actual achievement test results for the first year is the baseline and is higher than anticipated.

**Comment on results (optional)**

The target was not met. Although the actual PAT result was higher last year by 0.8, the 2004/2005 result is 2.0 higher than the provincial average of 91.1.

G3-A2-Mathematics B1-% of students meeting the acceptable standard	87.9	88.0	86.20	29
---	------	------	-------	----

**Baseline and Measure Comments:**

Calgary Arts Academy Society is a new charter school, therefore, the actual achievement test results for the first year is the baseline.

**Comment on results (optional)**

The target was not met and the actual score dropped by 1.7. More emphasis will be placed on basic math facts and problem-solving strategies in 2005/2006.

G6-A4-Mathematics B1-% of students meeting the acceptable standard	96.6	97.0	95.00	20
---	------	------	-------	----

**Baseline and Measure Comments:**

Calgary Arts Academy Society is a new charter school, therefore, the actual achievement test results for the first year is the baseline.

**Comment on results (optional)**

The target was not met. Although the 2004/2005 results are 2.0 lower than the target, it is 5.7 above the provincial average of 85.7.

G6-A3-English Language Arts B1-% of students meeting the acceptable standard	96.6	97.0	100.00	19
---	------	------	--------	----

**Baseline and Measure Comments:**

Calgary Arts Academy Society is a new charter school, therefore, the actual achievement test results for the first year is the baseline.

**Comment on results (optional)**

The target was met and is 14.1 above the provincial average of 85.9.

G9-A7-English Language Arts 9 B1-% of students meeting the acceptable standard	66.7	68.0	100.00	10
---	------	------	--------	----

**Baseline and Measure Comments:**

Calgary Arts Academy Society is a new charter school, therefore, the actual achievement test results for the first year is the baseline.

**Comment on results (optional)**

The target was met. There has been a literary focus in junior high during the second year of the project and the actual average reflects a 33.0 increase in language arts achievement. The 2005/2006 target was changed to an average of the first two years actual achievement marks because comparatively the two year results have such a large discrepancy.

G9-A8-Mathematics B1-% of students meeting the acceptable standard	33.3	50.0	30.00	10
---	------	------	-------	----

**Baseline and Measure Comments:**

Calgary Arts Academy Society is a new charter school, therefore, the actual achievement test results for the first year is the baseline.

**Comment on results (optional)**

Target was not met. This Year 9 class had a composite score of 7.0 in math during their October, 2004 CTBS test. When retested in June, their composite score was 8.2. Their score shows a growth of 1.2 during their second year of CTBS testing compared to the growth of 0.3 they obtained in the first year of CTBS testing. Math will be the main focus for the 2005/2006 year in all grade levels.

\* Indicate the number of individuals included in the student measure or test
